

 Residential Energy
Efficiency Programs
*Communication
toolkit for community
organizations.*

PSE&G customers across New Jersey are invited to participate in residential energy efficiency programs. These initiatives help residents save money and keep their homes safe, healthy, and comfortable.

Making homes more energy efficient supports New Jersey's goal of reducing the emissions that contribute to climate change. Some community members may be unaware or hesitant to take advantage of PSE&G's energy efficiency programs. Your organization can help inform residents about available incentives.

The **PSE&G Residential Energy Efficiency Programs Communication Toolkit** contains valuable information to share with your community. Download the toolkit at pseg.com/CommunityOrg to access print and digital resources, including:

- **Newsletter Content:** Use this information for an article in a newsletter, in an email message, or on your website.
- **Social Media Posts With Graphics:** Use these sample messages and graphics when communicating via Facebook, Twitter, or other social platforms. Please be sure to tag us: @PSEG on Facebook and Instagram and @PSEGDelivers on Twitter.
- **Fact Sheet:** Share this information with your audience to help answer questions.

We appreciate your collaboration as we strive to inform communities about these valuable incentives. [Register to become a PSE&G Community Ally](https://pseg.com/CommunityOrg) to access additional resources and benefits for your organization. For more information about PSE&G's residential energy efficiency programs, visit pseg.com/HomeEnergy.

Note: This organization is not affiliated with PSE&G and cannot make eligibility determinations. Certain conditions may apply; visit pseg.com/HomeEnergy for program details.

Did you know PSE&G residential energy efficiency programs can help you save money and energy while keeping you safe, healthy, and comfortable at home? We are partnering with PSE&G to inform customers about these important programs.

You may be eligible for the PSE&G [Home Weatherization Program for Income-Qualified Customers](#), which provides a free energy assessment to identify energy-saving opportunities throughout your home. Depending on your home's needs, you also may receive up to \$7,500 in energy efficiency, health, and safety upgrades at no cost!* Visit pseg.com/HomeWeatherization or call **1-855-846-2895** to schedule an appointment.

PSE&G has other home energy assessment options if the Home Weatherization Program is not right for you. Use the interactive tool at pseg.com/HomeAssessments to find the program that works best for your household. Residential customers can save on select high-efficiency products and reduce energy costs through:

- **Appliance Rebates:** Find deals on a variety of ENERGY STAR® certified appliances for your home, such as refrigerators, smart thermostats, and more.
- **HVAC Instant Rebates:** Save on qualifying ENERGY STAR certified heating and cooling equipment.

We hope you will take advantage of these PSE&G programs that can help you make smart energy choices and save money. For more information, visit pseg.com/HomeEnergy.

Note: This organization is not affiliated with PSE&G and cannot make eligibility determinations. Certain conditions may apply; visit pseg.com/HomeEnergy for program details.

* To be planned for a future visit. Determined on a home-specific basis
